

## Annual Meeting of the American Academy of Orthopaedic Surgeons

February 5–9, 2003, New Orleans, Louisiana  
*The University of Pennsylvania Department of Orthopaedic Surgery*  
*Faculty Papers/Abstracts/Exhibits/Symposia*

Kevin McGuire MD, **Joseph Bernstein MD**, Daniel Polsky PhD, Jeffrey Silber MD. *Comparing cost and outcome between teaching and non-teaching hospitals for orthopaedic procedures.* Poster No. 227.

Matthew R. DiCaprio MD, Aaron Covey MD, **Joseph Bernstein MD**. *Musculoskeletal education in American medical schools.* Paper No. 236.

**Robert E. Booth, Jr. MD**. *Surgical treatment of isolated patello-femoral arthritis of the knee.* SYMPOSIUM (L).

Selene Parekh MD, Bulent Erol MD, Guirguis B. Hanna MD, Jesse A. McCarron MD, Jim S. Meyer MD, **John P. Dormans MD**. *Magnetic resonance imaging is an effective tool in evaluation of vascular anomalies.* Poster No. 215.

**John M. Flynn MD**. *Lower extremity fractures.* SYMPOSIUM (T).

Paul J. King MD, **Theodore J. Ganley MD**, Julia E. Lou BA, **John R. Gregg MD**. *Autologous chondrocyte transplantation for the treatment of large defects in the articular cartilage of the distal femur in adolescent patients.* Paper No. 007.

**Jonathan P. Garino MD**, William G. Hamilton MD, Joseph Turk MD, Melody A. Christians BA. *Massive acetabular impaction grafting: Midterm results.* Poster No. 016.

Hari P. Bezwada MD, Stephen M. Hankins MD, Susan H. Harding MD, John Baker MD, **Craig L. Israelite MD**, Norman A. Johanson MD. *Peri-prosthetic supracondylar femur fractures following total knee arthroplasty.* Poster No. 117.

**Jess H. Lonner MD**, Michael Mont MD, Peter Sharkey MD, John Siliski MD, Amar Rajadhyaksha MD, **Paul A. Lotke MD**. *Fate of the unrevised all polyethylene patellar component in revision total knee arthroplasty.* Poster No. 091.

**Jess H. Lonner MD**, Patrick Barth MD, **Paul A. Lotke MD**. *Symmetrical range of motion after staged bilateral total knee arthroplasty.* Poster No. 132.

**Jess H. Lonner MD**, **Paul A. Lotke MD**, **Robert E. Booth, Jr. MD**. *Limited success in the treatment of acute Gram Positive infections after total knee arthroplasty with open debridement and retention of components.* Paper No. 114.

Joseph A. Abboud MD, Rajesh V. Patel MD, **David G. Nazarian MD**, **Robert E. Booth, Jr. MD**. *A comparison of outcomes following total hip arthroplasty for femoral neck fractures versus osteoarthritis.* Paper No. 136.

Hari P. Bezwada MD, **David G. Nazarian MD**, David H. Henry MD, **Robert E. Booth, Jr. MD**. *The pre-operative use of erythropoietin in total knee arthroplasty.* Poster No. 108.

**David G. Nazarian MD**, Francis McGuigan MD, Barbara Bowen CRNFA, **Robert E. Booth, Jr. MD**. *A two-stage approach to primary knee arthroplasty in the infected knee.* Poster No. 125.

**David G. Nazarian MD**, Barbara Bowen CRNFA, Barbara O'Rourke PA-C, **Robert E. Booth, Jr. MD**. *Psychosocial influences on total knee arthroplasty.* Poster No. 140.

**David G. Nazarian MD, Patricia Riley MD, Robert E. Booth, Jr. MD, Frank Femino MD.** *Post-operative radiation therapy to reduce the incidence of heterotopic ossification in revision total knee arthroplasty.* Poster No. 155.

**Charles L. Nelson MD, Paul A. Lotke MD, Jess H. Lonner MD, Jane Kim MD.** *Use of a porous metal patella for marked patellar bone loss during revision TKA.* Paper No. 109.

**Samir C. Sodha MD, Enyi Okereke MD, Charles L. Saltzman MD, Gregory P. Guyton MD.** *Complications of total ankle arthroplasty: Review of a surgeon's first twelve cases.* Paper No. 150.

**Gerald R. Williams, Jr. MD.** *Overview and evaluation of the painful shoulder arthroplasty.* SYMPOSIUM (J).

**Gerald R. Williams, Jr. MD.** *Coracoid impingement, os acromiale, and suprascapular cysts.* SYMPOSIUM (W).

**David E. Font Rodriguez MD, Sepideh Baghian MD, Gerald R. Williams, Jr. MD.** *Soft tissue interposition without hemiarthroplasty as an alternative for degenerative arthritis in young, active patients.* Paper No. 026.

### ***Resident Papers/Abstracts/Exhibits/Symposia***

**Joseph A. Abboud MD, Rajesh V. Patel MD, David G. Nazarian MD, Robert E. Booth MD.** *A comparison of outcomes following total hip arthroplasty for femoral neck fractures versus osteoarthritis.* Paper No. 136.

**David E. Font Rodriguez MD, Sepideh Baghian MD, Gerald Williams MD.** *Soft tissue interposition without hemiarthroplasty as an alternative for degenerative arthritis in young, active patients.* Paper No. 026.

**Jonathan P. Garino MD, William G. Hamilton MD, Joseph Turk MD, Melody A. Christians BA.** *Massive acetabular impaction grafting: Midterm results.* Poster No. 016.

**Kevin McGuire MD, Joseph Bernstein MD, Daniel Polsky PhD, Jeffrey Silber MD.** *Comparing cost and outcome between teaching and non-teaching hospitals for orthopaedic procedures.* Poster No. 227.

**Selene Parekh MD, Bulent Erol MD, Guirguis B. Hanna MD, Jesse A. McCarron MD, Jim S. Meyer MD, John P. Dormans MD.** *Magnetic resonance imaging is an effective tool in evaluation of vascular anomalies.* Poster No. 215.

**Samir C. Sodha MD, Enyi Okereke MD, Charles L. Saltzman MD, Gregory P. Guyton MD.** *Complications of total ankle arthroplasty: Review of a surgeon's first twelve cases.* Paper No. 150.
